

Dear Academics / Esteemed Researchers,

Pursuant to the Scientific Research Projects (BAP) Directive of Ibn Haldun University, a registration process is currently being conducted to identify independent evaluators (reviewers) whose expertise may be consulted during the evaluation of scientific research project applications. These projects include internally funded institutional projects supported by the University's own resources, as well as scientific research projects carried out through national and international collaborations, which are expected to make original contributions to the literature in the field of social sciences and to support the social, cultural, economic, and academic development of our country upon completion.

Faculty members and researchers who hold at least a doctoral degree and who wish to take part in the evaluation of Scientific Research Projects (BAP) applications are required to complete the registration form provided below in order to enter up-to-date information regarding their fields of expertise into the system:

[Independent Evaluator \(Reviewer\) Registration Form](#)

For reviewers appointed to evaluate Scientific Research Projects (BAP), remuneration is provided in accordance with the Ibn Haldun University BAP Implementation Principles and at rates determined based on the type of project. Compliance with the legally prescribed evaluation periods communicated by the Ibn Haldun University Project Development Office (PDO) is of great importance to ensure that project processes are conducted effectively and efficiently.

We kindly request your cooperation in sharing this announcement with faculty members and researchers working in various disciplines of the social sciences within your university and affiliated research centers.

Sincerely,
